TKM HEALTHY & GREEN LIVING

- Getting to the root cause of your health concerns
- Digestive distress gone
- Watch colds disappear
- No need for nebulizers anymore

I discovered my passion for health and wellness on my own health journey when my son was struggling with not only food intolerances/allergies, but eczema and respiratory complications. I am happy to report that through natural home remedies, lifestyle and diet change, etc. my son never used another nebulizer and my family rarely ever gets sick, if we do it quickly goes away. I have been coaching and mentoring people in wellness through supplementation, essential oils, diet and everyday changes for over 6 years and would love to help you on your journey!

Preschool

*2 ½ and 2 full day programs (3yr olds)
3 ½ and 3 full day programs (4yr olds)
5 ½ and 5 full day programs (3yr & 4yr olds)*

Kindergarten (full day) – 8th Grade

*Small class sizes, core studies plus:
Music, Art, Foreign Language, Technology, Physical
Education, Library*

High School

*College Preparatory Diploma
General Studies High School Diploma*

To begin the New Student Online Application process:

Go to www.ParkviewChristian.net and hover over “How To” and select “How to Apply” and click on “Online Application”. The application process will open in a separate screen. Select Create an Account (Username and Password). You will then use this information to create an application (for year applying and your student's grade and location). NOTE: 2014-15 school year applications will not be available until open enrollment in March.

After submitting the application, you will be able to track your admissions status at the school by logging into your account. You will also be able to print the completed applications, monitor when the school receives supplemental application forms, and, if necessary, reprint the supplemental forms.

In addition to submitting the application and the supplemental forms requested, we will also need a Birth Certificate, an Immunization record, dental and eye exam form or waiver.

About Parkview Christian Academy (PCA) Academic Standards

The mission of Parkview Christian Academy is to provide high-quality, Christ-centered education and therefore:

1. Parkview Christian Academy is committed by faith to a high standard of Biblical integration where all subject material is interpreted in light of a Biblical worldview. In broad summary: Creation, Fall, and Redemption in Christ Jesus alone.
2. Parkview Christian Academy is committed to maintaining high quality education, regularly reviewing state, national, and content specific academic standards. PCA will remain well educated on the trends and best practice, choosing those standards and practices that best meet our mission objectives. PCA desires that students learn to think critically and develop wise discernment in all content areas and we model this through review and assessment of standards and practices.

Standardized Testing

Parkview Christian Academy completed Terra Nova testing and continues to look for assessments that meet the following criteria:

1. progress monitoring
2. nationally normed
3. family reports

Standardized testing will be increasingly used to monitor progress, celebrate achievement, and determine areas for curricular focus in the coming school year.

Accreditation

In July 2014, the Christian Schools International Commission on Accreditation and the North Central Association Commission on Accreditation and School Improvement granted full accreditation to Parkview Christian Academy. PCA is using the accreditation report to write and implement a school improvement plan.

We are thankful to God for His guidance and care over the 15 years of Parkview school history and look forward to His providential care in years to come as we seek to partner with parents to train students that have heads grounded in Truth, hands serving God's glory, and hearts surrendered to Christ.

School Improvement Plan

The school improvement plan (SIP) was written based on recommendations from the accreditation report. The SIP will be submitted for review each year in order to maintain accreditation status and meaningful growth.

Strategic Plan - Goals

1. Broaden and deepen academic experiences
2. Build the PCA Community with school-family partnerships
3. Provide facilities to meet the needs of enrollment growth
4. Model fiscally sustainable and affordable Christ-centered education
5. Develop a strong reputation in Yorkville and surrounding communities

Some Strategic Plan - Actions Take in 2013-2014

1. Added visual and performing arts, high school electives, online education, and dual credit
2. Addressed policies affecting school-family partnerships, and re-institute PTO
3. Extended 2 and 3 day pre-school options on 3rd campus and expanded classroom use for junior and senior high. Added fixed science and computer labs
4. Implemented a fiscally responsible budget with layered organizational accountability
5. Became active in the Chamber of Commerce, in social and print media, promotional materials, and several forms of publication.
6. Implemented salary schedule awarding years of service, added classroom and development budget line items
