## School Report Card 2013-2014

*Parkview Christian Academy exists to provide high quality Christ-centered education rooted in Biblical Truth, training leaders who have identified God-given gifts and excel in their chosen path.*

### Academic Standards

Parkview Christian Academy does not use Common Core standards to drive curriculum delivery or curriculum maps. Curriculum maps were written based on Illinois State Standards in use prior to the Illinois State adoption of Common Core. (Math and Language Arts). PCA will be using the high quality Indiana State standards for math and language arts in the future and Illinois State standards in other core academic areas. Other standards will be consulted to ensure highest quality academic skills and practices are taught. If you would like to review the Indiana State standards in Math and Language Arts, you will find them at [www.doe.in.gov/standards](http://www.doe.in.gov/standards).

### Standardized Testing

Parkview Christian Academy completed Terra Nova testing and continues to look for assessments that meet the following criteria:

1. progress monitoring
2. nationally normed
3. family reports

Standardized testing will be increasingly used to monitor progress, celebrate achievement, and determine areas for curricular focus in the coming school year.

### Accreditation

On Thursday, April 24, 2014, the site accreditation team for Christian Schools International and the North Central Association Commission on Accreditation and School Improvement voted unanimously to accredit Parkview Christian Academy. PCA has received a full report that includes commendations and recommendations. The recommendations will be used to guide the School Improvement Plan. We are thankful to God for His guidance and care over the 15 years of Parkview school history and look forward to His providential care in years to come as we seek to partner with parents to train students that have heads grounded in Truth, hands serving God's glory, and hearts surrendered to Christ.

### School Improvement Plan

A school improvement plan (SIP) will be written based on recommendations from the accreditation report. The SIP will be submitted for review each year in order to maintain accreditation status.
