Monthly Integration Focus

Month	Focus
September	Spiritual Health
October	Church History
November	Mental Health
December	Advent
January	Physical Health
February	African American History
March	Easter
April	Native American History
May	Imago Dei in Immigrants

Monthly Integration Focus enables the teaching staff to plan with intentionality – drawing students to think deeply about several topics of importance from a Biblical world and life view. The African American and Native American History months are not intended to exclude immigrant groups (see May) – but to remember their unique histories within the United States, and to celebrate their past and present contributions to American life.
